

St Andrew's College Scholarship Awards - 2022

Every year, St Andrew's College awards scholarship and bursaries to over 30% of our boys.

The funding for scholarships and bursaries is derived from both income from endowed funds and donations gifted by generous individuals, foundations and companies to College on an annual basis.

A limited number of scholarships, based on our written academic scholarship exams, is awarded to outstanding boys who show academic and leadership potential, while numerous bursaries are awarded to boys whose families require financial support.

We are delighted to announce the St Andrew's College scholarship winners for 2022:
